REAL AMERICAN
"SQUEEZER" PLAYING CARDS,

Best quality, of the strongest material, and being highly finished on both sides, they slip readily when handled.

An important feature is that by reference to the "INDICATORS" in the corners all chance of making a mistake in the hand is avoided, as such "Indicators" show the Suit and Size. This allows of the hand being compressed into a very small space, and hence the name "SQUEEZERS." The "Indicators" are in addition to the ordinary pipes made to run both ways.

COMMERCIAL INTELLIGENCE

FRIDAY EVENING, 18TH JAN. 1878.

THE opening of Parliament, which has been so long looked forward to, cannot be said to have thrown much additional light on the actual position of politics in Europe; but so far as they go, the opinions most generally expressed in commercial circles on the telegrams received, show a greater expectation of peace. Reuter, unfortunately, has omitted to give us the usual quotations for Consols and French Rentes, but the reports of the Home Produce Markets, all tend in the same direction.

Coffee in London remains unchanged, and Ceylon Cocoanut Oil is unaltered, but Cochin has recovered the previous day's decline of 5s. per ton. Arrival quotations for Wheat are the same, and in Seeds the only alteration is a decline of 6d. for Calcutta Linseed to arrive, but Reuter adds that Linseed is easier and Rapeseed dull and heavy.

According to the public telegrams Piece Goods in Manchester yesterday were quiet but steady, and Cotton in Liverpool closed steady, sales 10,000 bales. Spot quotations too show an advance of 1-16d. per lb. in G. F. Ginned Broach and G.F. Ginned Dharwar, but these must be taken as purely nominal, no Cotton of either description worth speaking of being at present in Liverpool, and the closing tone, as advised in private messages, was the reverse of strong. There were still willing sellers of Surats to arrive at something like 5d. per lb. under the cost here, and this tendency is more likely to have been increased than diminished here to-day by the American advices.

Yesterday's New York telegrams still quote ready Mid. Uplands at 11¼ cents, but the rate for Futures is not given. The Receipts at the ports to date are as follows :—

	1878.	1877.	1876.
Thursday's Receipts....	22,000	14,000	20,000
Six days' do ...	125,000	94,000	121,000
Total since 1st Sept...	2,768,000	2,871,000	2,763,000

The Bank of England return for the week ending on Wednesday shows an increase in the Reserve of £200,000 and in Bullion of £100,000, while Discounts are also £100,000 higher. The proportion of the Reserve to Liabilities has advanced from 39½ to 40¼ per cent., and the rate of discount on 6 months' sighs Bank Bills in the open market stands at 2½ per cent. against 2½ last Thursday.

Bar Silver in London remains at 53¾d. per oz., equivalent to about 1s. 8 11-16d. per rupee.

STERLING EXCHANGE to-day has remained quiet and unaltered in every way. A very small business has been done, and there is nothing to indicate any probable immediate change in the position, unless the continued absence of sellers of Private Paper may be taken as showing expectations on their part of a further decline. We quote on London to-day :—

Bank Bills, on demand.....	1s. 8¾d.	per Rupee.
Do. 6 months' sight.....	1s. 9d.	,,
Credits 3 months' sight....	1s. 9d.	,,
Documents 3 ,, ...	1s. 9 1-16d.	,,

On Calcutta we still quote demand drafts at 3-16 per cent. premium; 60 days' sight at ⅜ per cent. discount.

GOVERNMENT PAPER continues very steady, but not active. Sellers do not seem disposed to realise at the moment, while buyers, on the other hand, seem desirous of seeing a more settled state of politics at Home before operating with any freedom. Closing quotations are :—Fours, Rs. 94½ to ⅝; Fours-and-a-half, Rs. 94½; Fives-and-a-half, Rs. 102½ to ⅝.

THE SHARE MARKET is still quiet and deficient of activity. Bank shares are unaltered. Bank of Bombays still standing at 40½ per cent. premium. In Land Companies the only movement is a decline of Rs. 2½ in Port Cannings, and in Press Companies a fall of Rs. 5 in Mofussils. Spinning and Weaving Companies are dull with a downward tendency, and we notice a decline of Rs. 5 in Dhurrumsey, Rs. 10 in Jewraz Balloo, and Rs. 20 in Mandvie. G. I. P. Railway stock is again Re. 1 per ₹20 higher.

IN COTTON there has been, if anything, a trifle more doing to-day, but not at any higher prices. An active enquiry still prevails for small lots of ready, and Rs. 205 is reported to have been paid for Good Omras, Rs. 214 for Good Broach, and Rs. 213 for Good Hingunghaut. For March delivery G. F. Omras has been sold at Rs. 190, and there are sellers of F. G. F. at Rs. 185, F. F. at Rs. 186, and Fair at Rs. 182 per candy, without finding buyers.

LINSEED still shows a downward tendency owing to the weaker accounts from Home. A small business has been done for export to-day at Rs. 6-2 to Rs. 6-3 per cwt., and there are still sellers at the rate. RAPESEED is steady at Rs. 7-9 to Rs. 7-10 per cwt. WHEAT very dull with few buyers, and Best Soft White can now be had at Rs. 39 per candy.

PRODUCE is however, although not quotably lower, more decidedly quietery. For Liverpool the quoted rate is £1-15 for ready shipment, but few engagements have been made. By sail there is still no enquiry.

PIECE GOODS remain in the same position. A moderate business is passing in the Bazaar in Grey Goods, and with first hands the position of the market may be called steady.

COALS continue in active request at hardening prices, both on the spot and to arrive, but we have not heard of any actual business resulting to-day. Shipments from Home continue small.

SATURDAY, JANUARY 19, 1878.

WE can readily accept the assurance of Lord Salisbury that there are no differences of opinion in the Cabinet about the policy of England; for, though it is possible that in his inmost heart Lord Beaconsfield sympathizes deeply with the Turks and looks upon their threatened expulsion from Europe as only a modern development of that unwise spirit of Christian intolerance which drove the Moors and his own Jewish ancestors out of Spain, he has evidently had the discretion to keep these sentiments to himself, and to concur with his colleagues in the expediency of refusing to go to war for the preservation of the rotten Turkish Empire. This is the true significance of the Queen's speech. The Cabinet are unanimous in refusing to make any effort to maintain "the independence and integrity of the Ottoman Empire," and this time-honoured phrase is dropped out of the speech in which Her Majesty asks the help of Parliament to uphold British interests in the east of Europe. The speech is, in fact, an official acknowledgment that British interests have ceased to be bound up with those of Turkey; and we do not wonder that Mr. Gladstone approves of the speech, for the policy it enunciates is his, and the adoption of this policy by the Conservative Government is a formal record of the success of his agitation for leaving the Turks to their fate. This policy is also evidently that of both the great parties and of the whole nation, for not a voice was raised to protest against it in either House of Parliament, and the majority of the electors throughout the country seem to be as averse to war as if they were French peasants. We Imperialists in India may be impatient with them on this account; but after all war is the greatest of evils, and a nation enjoying the substantial blessings of peace may well be pardoned its reluctance to exchange these for high prices, a shilling income tax, and the sacrifice of the lives of many thousands of able-bodied Englishmen. Possibly Mr. G. O. Trevelyan went a little too far when he said lately, in his epigrammatic way :—"If you meet a man who does an honest "stroke of work every week day, be he manufacturer, or artisan, or tradesman, or barrister, "it is ten to one that he has no desire to fight; "but, if you meet a man who amuses himself "for fifteen hours in the twenty-four, and sleeps "the rest, it is ninety-nine to one but he thinks "we should send an ultimatum to Russia as "soon as she crosses the Balkans, and that he "regards Lord Beaconsfield as a second Chatham, "who is robbed of his opportunities by his "more timid colleagues." The truth might be stated less offensively if we were to say that in London, where society is recruited from all parts of the Empire and consists chiefly of men of independent means and superior education, the perhaps remote consequences of the present war are more keenly appreciated than they can be by the average British elector, who cannot for his own part realize the comfort to be found in those blessed words Mesopotamia and Constantinople. This contrast is strongly marked in the difference of tone that may be observed in the leading articles of the London and provincial papers. The *Times*, which seeks to represent the nation at large and not London alone, raises its voice for peace; but the purely Cockney papers, such as the *Daily Telegraph* and the journals of a society that cares for nothing but its own amusement, would have had the nation go to war with a light heart for Turkey more than a year ago. The influential provincial papers, on the other hand, which feel the pulse of the constituencies, are all determined that peace shall be maintained. The real feeling of the country was made manifest a few days ago, when the Admiralty stopped two Indian troopships in the Mediterranean, in order to have men ready for an expedition to occupy either Port Said or Gallipoli, and when the Cabinet, having meanwhile, we suppose, ascertained that any warlike measure of this kind would be censured by the House of Commons, telegraphed orders to the troopships to proceed on their way to their original destination. The *Euphrates*, which was detained at Port Said, has already passed through the Canal, and it is now quite clear that England has not at present the slightest intention of going to war, and that she will not send a single battalion of soldiers to help in saving Turkey from annihilation.

English policy henceforth, then, has avowedly only one aim, to prevent English interests from being swallowed up along with Turkish interests in one common destruction. But what are English interests on the Eastern littoral of the Mediterranean? By the successive declarations of different Ministers of the Crown, these interests have now been limited to the protection of Constantinople, the Dardanelles, and the Suez Canal. Egypt and the Canal are not threatened, so that the issue between England and Russia is narrowed to these questions :—Who shall be the ruler of Constantinople? and, Shall the Dardanelles be opened to the ships of war of all nations? Now, in the present temper of the English people, we consider it extremely unlikely that the Government would be allowed to involve the country in war for the sake of keeping the Russian fleet shut up in the Black Sea. Already, the provision of the Treaty of Paris forbidding the free passage of the Straits between the Black Sea and the Mediterranean to Russian ships of war has been freely criticized as iniquitous by eminent English politicians; and, as it is certain that the other European Powers care little or nothing about the exclusion of the Russian fleet from the Mediterranean, England in a European Congress would probably be obliged to concede this point. There remains the question of Constantinople, which we suppose Lord Salisbury was thinking of when he said that the waves of war were approaching very closely the localities defined as those sacred to British interests. We think it probable that England has given Russia notice not to proceed beyond Adrianople on pain of meeting English opposition, and that consequently the strip of Roumelia south of Adrianople may be described as the region of British interests. We have also been informed that England and Austria have warned Russia not to make any changes in the territorial settlement fixed by the Treaty of Paris without their consent. This warning, however, does not necessarily indicate the resolve of England and Austria to carry out a concerted plan of action. There are Austrian interests, as there are British interests, these being quite distinct from one another; and the significant silence observed in the Queen's speech and the Parliamentary comments thereon with regard to the rumoured alliance of England and Austria shows that that alliance does not exist, and that each Power is merely anxious to have a voice in the settlement of the Eastern Question. What has surprised everybody is that Austria should have had the courage to speak for herself without previously getting the sanction of Prince Bismarck; but this unusual display of independence only proves that she is uneasy, not that she is prepared to fight. Russia has no Coalition to fear unless she insists on concluding a separate peace with Turkey, and, if she is not drunk with vainglory, she will not attempt to shut out the rest of Europe from having any voice in the rearrangement of the map of Europe. It will be to her interest, indeed, to get the sanction of Europe to those conditions of peace which are inconsistent with the provisions of the Treaty of Paris, and all the European Powers are evidently now prepared to vote for the emancipation of Bulgaria and most of them for the freedom of the Dardanelles. As regards Constantinople, Russia can desire nothing better for the present than to keep the Turks in power there, for Turkey will henceforth regard England as her deadliest enemy. It seems to be not improbable, therefore, that, if the Russian Government has not lost its head and can forego the temptation of sending an army at once to Constantinople, a peace which will suit all parties may soon be patched up. The next move in the diplomatic game is now left to Russia, whose definition of the terms of peace she means to demand is anxiously expected by all Europe.

THE death of Abdul Ghafur, the Akhoond of Swat, is an event which, long expected, has come at last. Abdul was reckoned a very holy man—devout Mahomedans travelled from the steppes of Central Asia, the deserts of Turkistan, the mountain wilds of Persia, Afghanistan, and Beloochistan, and the plains of Hindustan, to pay their respects to him and those sums which holy men expect from their votaries; but, like all saints, mortality has had no respect for his virtues, and it is with him as with many another claimant of special divine favour—*abitad plures*. This death will rouse mingled feelings among many people. In a certain section of the community who delight in a display of orthodox Mahomedan virtues, the departed Akhoond will be mourned deeply; by the Anglo-Indian officials on the frontier, who believed firmly that whenever there was a row among the tribes, and the tranquillity of the British frontier line was disturbed, the Akhoond was at the bottom of it, his disappearance from the scene of his power will be received with a sigh of relief; by the English public, the mortuary announcement will be received chiefly with a feeling of curiosity as to what any Akhoond of Swat could possibly be. When the British public first heard of the Jams of Kattywar, the Thakores of Guzerat, and the

THE DEBATE ON THE ADDRESS.

LONDON, JAN. 17.

Both Houses of Parliament voted the Address in answer to the Queen's Speech.

In the Debate which followed the motion in the Lords, Earl Beaconsfield reiterated what he had said on former occasions, that the policy of the Government would remain one of conditional neutrality, but that if British interests were threatened the Government would not hesitate to defend them.

Lord Salisbury said that the waves of war were approaching very closely to the localities defined as "British Interests." His Lordship denied that any differences existed in the Cabinet.

In the House of Commons, Sir Stafford Northcote said that the Government proposes to do nothing at present, because they are ignorant of the proposals Russia intends to make.

Mr. Gladstone spoke in terms of approval of the policy of the Government as set forth in the Speech.

THE FRONTIER WAR.

INTELLIGENCE received from the force under General Keyes, dated Camp Naru Khula defile, 18th January, states that the force left the Darzai heights on the morning of the 17th inst. and bivouacked in the Naru Khula defiled, where they will remain for a day or two to effect a junction with General Ross's force on the 18th instant. In the operations of the Turki column in the Naru Khula defile on the 16th, Major Rice, commanding the 1st Sikh Infantry, was severely wounded, the Havildar Major of the regiment was killed, and two men wounded. The enemy's loss is not known. In the operations of the 17th, five of the enemy were killed. Our only casualty was one sepoy slightly wounded.

THE NAGA EXPEDITION.

LETTERS have been received from Mozema, dated the 15th inst., and from Jorehat, the 18th inst., stating that all the villages near Mozema, including Konoma, have submitted to Captain Williamson, and that the headmen of Mozema have asked for terms. The expedition is believed to be near a successful termination. Mr. Carnegy has reached Samaguting and is doing well. The Colonel Commanding leaves for the Naga hills on the 20th inst.

We believe that H. E. the Governor has fixed Saturday, the 2nd prox., for the holding of the University Convocation. The Convocation had to be postponed a short time ago in order to suit Sir Richard Temple's convenience, but all doubt now as to the date of the interesting ceremony has been removed by information received by the University authorities.

At the quarterly meeting of the Bombay Municipal Corporation yesterday, Col. Hancock was unanimously re-elected Chairman for the ensuing year.

We understand that the report of the Drainage Commission of Bombay is ready and will be published next week. It is to be hoped the Commission have studied the recent remarkable report of the Thames Conservancy Commission as to the disgusting and serious effects of pouring sewage into the river at Barking.

THE Revd. G. Gothard, B. A., and the Revd. J. P. Forbes, M. A., have been appointed Junior Chaplains on the Bombay Establishment to fill existing vacancies.

CERTAIN quarantine regulations have been proposed by the Egyptian authorities for vessels arriving at Suez from ports affected with plague. No restriction will be placed on the passage of mails through the Canal, provided they are always enclosed in boxes and not in bags. The modifications introduced by the proposed regulations are reported as being all favourable to the freedom of navigation.

HER MAJESTY THE QUEEN has approved the grant of a salute of 17 guns to Nawab Vikar-ool-Oomra Amirri Kabin, so long as he continues to act as one of the Regents of the Hyderabad State.

WE learn that Mr. William Gordon, Government pensioner at Sattara, late of the Judge's Court as Station Clerk, shot himself dead with a fowling piece on the 16 h inst. The verdict at the coroner's inquest was that of temporary insanity.

It has been resolved in the local Financial Department with reference to an enquiry from the Collector of Tanna, that the principle as to whether or not batta should be given in a particular month should be laid down as that adopted in Government Resolution in the Public Works Department, No. 712 P., dated 3rd November 1877, and that the rate at which batta, if given, should be allowed may be determined by the price of grain during the larger half of the month.

We regret to hear, says the *Madras Mail*, that the results of a rough experimental famine census in Mysore show a much larger mortality from the famine than was anticipated. We had better say nothing about figures till they have been finally verified; but so far they seem to be very disheartening.

THE same paper says that the crops in Mysore are proving very disappointing—not above a six anna one in quantity, on the average. As our correspondent shows, this result threatens a continuation of distress in the province.

IN yesterday's *Gazette of India* is republished the notification of 1876, regarding the procedure under which currency notes can be obtained for bullion after assay at the Calcutta or Bombay Mint. The republication does not entail any alteration in the present practice. The only changes in the old notification are in clauses five and eight, where the Commissioner of Currency at Calcutta, the Comptroller General, may delegate the duty of signing certain certificates to one of the gazetted officers under him. The circumstances of the Bombay office, where the Accountant-General, who is Currency Commissioner, has occasionally to be absent from Bombay, rendered it necessary to permit this delegation, otherwise when the Accountant-General is absent there might be a delay in meeting the requirements of bullion holders.

PROVISION has been made for the expenditure in England of Rs. 70,000 on account of additional roofing for the Ajmere Workshops. In connection with this subject it may be stated, that the estimate of State Railway expenditure in England during the current official year has been raised to a total of £1,290,000, which does not include the item above referred to.

THE Secretary of State has, are we informed, sanctioned the indent of the Government of India for a Bruce dredger for the Soane Canals, and certain hydraulic tubes and leather washers for the Orissa Canals, at an estimated cost of £3,500.

A PERUSAL of the report of the administration of the Andaman and Nicobar Islands for the official year 1875-1876, shows *inter alia* that there were 111 escapes during the year—106 by land and 5 by sea. Those who escaped by sea were recaptured within a few days, while of the escapes by land all were accounted for except seven who are supposed to have perished in the jungle. The health of the prisoners does not appear to have been quite satisfactory, owing apparently to defective sanitation and insufficient clothing. The revenue of the settlement increased during the year from Rs. 44,055 to 49,361, and the exports from Rs. 3,095 to Rs. 8,226. Education was advancing, and the prospects of the Forest Department, coffee cultivation, and of sheep breeding were regarded as very favourable.

HER MAJESTY THE QUEEN has accorded her sanction to the appointment of Mr. H. S. Cunningham, barrister at law, and Advocate General at Madras, as a Judge of the High Court of Calcutta, vice Mr. A. G. Macpherson, resigned. Mr. and Mrs. Cunningham have arrived in Calcutta, and are the guests of H. H. the Lieut. Governor, at Belvidere.

THE *Pioneer*:—Major-General Sir A. Taylor, K.C.B., and Major Pierson, R.E., have left for Aden, to carry out such parts of the duties of the Aden Fortifications' Committee as require to be done on the spot. Meantime a Defence Committee, as it will hereafter be called, in token of the wider scope to be given to its operations, will assemble in Calcutta immediately under Admiral Sir Lambton Loch, Vice-President, with Lieutenant-Colonels Hichens, R.E., and Tyler, R.A., Major Burton, R.E., and Captain H.N. Jones, R.A., as members. The defences of the river Hooghly will be the first subject taken up; and here the Committee will be assisted by Major Holmes, R.E., Superintending Engineer of the Presidency command, who will furnish any local particulars required.

AN Imperial decree in the *Peking Gazette* of the 4th December last states that the Chinese force in the North-West captured Harashar on the 7th October and Kucha on the 18th of the same month.

A BITTER disappointment was experienced just recently by a lady passenger who arrived in Colombo by the s. s. Pleiades. She had for many days indulged in pleasurable anticipations of a warm welcome at the hands of her daughter and son-in-law, to whose invitation she had, at a somewhat advanced age, undertaken the voyage from England. Greatly, however, to her distress neither one nor the other was in waiting, and upon enquiries being made, it was ascertained that her connections had, through some cause, left Ceylon for England a month before—at the very time, in fact, that their relation had sailed from Liverpool. Great sympathy was expressed for the unfortunate and unhappy lady in her trouble, who is about to return to England.

THE *Pall Mall Gazette*:—The Indian correspondent of the *Times*—(we do not mean that he is a native Indian, though nearly all the *Times* correspondents are foreigners)—reported something which, significant as it looks, would be thought much more significant if its true bearings were popularly known. It seems that at the last meeting of the Legislative Council an Indian Arms Bill was brought forward. "Its object is to extend to all districts, without exception" (including some so-called independent States ?), "a provision for making the possession of arms illegal without a licence, and to make the sale of arms to persons not holding such licence a criminal offence. It was stated in the course of the discussion of the Bill that the import trade in cheap arms and ammunition had grown up "to an enormous extent, and that far larger quantities were imported than were required for legitimate purposes. "Cheap arms were bought and sold to an extent quite incompatible with the maintenance of peace and good government. In four years 100,000,000 percussion caps had been imported into Calcutta, of which not more than 14,000,000 were legally re-exported. An application had lately been made by a single firm for permission to import seven lakhs of caps and 14,000 lb. of powder monthly—an amount which could not possibly represent any legitimate demand. The Military Member of Council called the attention of the Government to the fact that an admirable percussion cap manufactory existed in a city near one of our military stations, which turned out caps almost equal to those supplied to our own troops; and he suggested that the Council should at the same time deal with the Indian manufacture of arms and ammunition." This, we say, is serious news. And there is more reason for regarding it seriously than appears in the *Times* correspondent's report. Lord Salisbury, who is so happy under the progress of Russia's intrigue in the East, so composed under the advance of her prestige as a military Power and the decline of our own in those regions, so contemptuous of "Indian nightmares"—is yet in this condition: he dare not publish the reports and the representations he has received from India during the last six months. Were he to do so his composure would be called something worse than ridiculous; and some explanation would be demanded as to how far he thinks himself justified in jeering at apprehensions because they are personally inconvenient.

A ROMAN correspondent writes:—Padre Curci's book entitled "The Modern Dissensions between Italy and the Church, apropos of a Special Fact," has already been submitted to the Archbishop of Florence, but the Pope has ordered a copy to be sent to himself, and Cardinal La Vallette will read to him the principal parts. It is divided into eight chapters. The first treats of dogmas and the truths attaching to them; the right interpretations of the same, as expounded by the fathers of the Church, and the errors falsely called dogmas propounded by fanatics. The second treats of the legitimate authorities and the changes to which they are subject. Here it is shown that the temporal is not necessary to the full exercise of spiritual authority. In the third it is declared to be absurd to hope for the restoration of the temporal power, as it is certain that the Italians will never consent to the dismemberment of their country, and that their patriotism is perfectly legitimate and by no means incompatible with their allegiance to Holy Mother Church. The fifth chapter, on the Catholic Press, the Syllabus, and Liberal Catholics, has some home thrusts which Catholic editors will appreciate, even while they rebel. Padre Curci considers the Catholic papers as worse than useless—detrimental to the cause which they uphold; shows that they never treat any questions of general importance, and consequently are rarely read, and certainly win no adherents to their cause. He blames the use and abuse of the Syllabus; the bigotry which condemns all books published by lovers of their country as if they must of necessity be hostile to the interests of the Church. In the sixth chapter the reverend father demonstrates clearly that the hostility shown by the Holy See to Italian unity has been the cause of the loss of the temporal power, and that if this hostility continues all influence and authority will also be forfeited. He blames without stint the absention of the Catholics from the urn, and shows that the good and devout Italians having abdicated, Freethinkers and good-for-noughts have all the power in their own hands. He holds to his former belief that the Church may yet come to terms with Italy. In the seventh chapter he narrates the history of the Church from 1870 to 1877, and his own relations; and in the eighth and last chapter studies the ways of Providence, and believes that "all will work together for good."

A CANTONMENT HOUSE CASE AT POONA.—A case of considerable importance to house-owners in cantonments was decided last Wednesday by Major T. Trueman, Assistant Cantonment Magistrate of Poona. The facts of the case are as follows:— A house belonging to the mosque of the best butchers was out of repair, and Colonel Britten, the Cantonment Magistrate, under Rule 52 of Chapter iii. of the Cantonment Rules and Regulations, put a notice on the house, calling upon the owner to repair it. Whilst the dilapidated walls were being taken down, it fell with a crash. An application was then made to the Cantonment Magistrate for permission to rebuild it. When the house was near completion, Colonel Britten prosecuted the head man of the mosque, under the Cantonment Rules and Regulations, for proceeding with the rebuilding the plan had been submitted to H. E. the Commander-in-Chief. The pleader for the defence, Mr. Gungaram Bhow, after cross-examining the witnesses for the prosecution, including Colonel Britten, argued the case at considerable length, and conclusively proved that the action of the Cantonment Magistrate was irregular and illegal, and showed that there was no regulation, under the Cantonment Rules, calling upon persons to submit plans for houses they intend to build in cantonments to the Commander-in-Chief. The accused was accordingly acquitted.

ON Thursday last, Private Ford, of H.M.'s 11th Regiment, stationed at Poona, was convicted and sentenced to six weeks' simple imprisonment by Major T. Trueman, the Assistant Cantonment Magistrate, for making indecent gestures to two European girls with intent to insult their modesty.

ASSAULT.—A Portuguese, named John DeSilva, was yesterday fined a sum of Rs. 40 by Mr. Nana Morojee on being adjudged guilty, of committing an assault on Seetul Bhugwan, Rs. 10 of the fine was ordered to be paid to complainant as compensation.

REFRACTORY SEAMEN.—Frank Faucheon and John Munchaco, seamen belonging to the British ship John Howard, were yesterday each sentenced to one week's hard labour in the House of Correction by Mr. Nana Morojee, for wilful disobedience in refusing to do duty on board that ship.

SUICIDE.—A Coroner's inquest was held yesterday a Parell, on view of the body of Sulliman Hayoob, a Mahomedan lad about 17 years of age, who committed suicide by drowning himself in the Parell tank. The evidence showed that he had been in a state of lunacy for the past ten months. A verdict was returned accordingly.

ASSAULTING THE POLICE.—The adjourned case against John Bartlett and Arthur Howard *alias* Alfred Turner, seamen of H. M.'s ship Undaunted, was resumed yesterday before the Hon. Mr. Dosabhoy Framjee. The charge against each of the two prisoners was heard separately. After the evidence of Dr. Pinkerton was taken, his Worship, in disposing of the case against the first prisoner, said, that he was sorry to observe a sailor of the British Navy in the position he was. The charge against him had been clearly proved, and he (the Magistrate) regretted that there was not a single circumstance in the case which would justify him in showing any leniency to the prisoner in determining the punishment he had rendered himself liable to. In the first place, the prisoner deserted from his ship, and when Inspector Loogden went to arrest him, he not only snatched the warrant from his hand but drew a knife against him. It was a lucky circumstance, the Magistrate remarked, that that knife was wrenched from the prisoner's hand before he could inflict injury upon any one. After Mr. Longden had left, the prisoner assaulted Mr. Gough, another police officer, and after knocking him down gave him a violent kick, which, according to the evidence of Dr. Pinkerton, fractured his jaw bone. It was a most cowardly act to assault a man after he was down, and the Magistrate said that he would not be justified in awarding punishment for such a brutal conduct by according a less sentence than six months' imprisonment in the House of Correction with hard labour. The other prisoner, Arthur Howard, had pleaded guilty to the charge of having voluntarily caused hurt to Mr. Constable Atkinson, and he was sentenced to one month's imprisonment in the Common Jail with hard labour.

WE are sorry to learn of the death at Hendon, London of W. Forsyth Hunter, Esq., who was at one time Agent for the Bombay Bank in Poona, and previously a member of the firm of Messrs Dirom, Hunter and Co., Bombay. Mr. Hunter is well remembered in Poona. He suffered much in pecuniary matters by the huge frauds and forgeries which were committed by several well known parties in connection with the Bank, and which led to the shutting up of the Bank for a time, though it was afterwards reorganized. Mr. Hunter was a faithful public servant, well-known and respected by every one in Poona.—*Deccan Herald.*

EMIGRATION TO BOMBAY.—The *Bangalore Spectator* says that several young Europeans and Eurasians of Bangalore have recently emigrated to Bombay in search of employment, and that paper adds, "This is certainly about the best thing they could have done, for it is becoming more and more patent daily that Bangalore is no field for the two classes referred to. In Bombay there are several openings for men who are willing and not ashamed to work hard,—in the railway, mills, factories, &c. We believe that all the young men who have proceeded from this station to Bombay on 'spec,' have found employment, and we do not see any reason which has attended their enterprise will emulate others to do likewise." We may be presumed to have some knowledge of the field Bombay offers at the present time for employment to the classes here indicated, and we think our contemporary is giving advice which, if followed, will result in much disappointment, besides causing expense that will very likely never be recouped by those who come here "seeking."

THE PARSEE PROMISE OF MARRIAGE CASE.

GOOLBAI VS. MANOCKJEE LIMJEE MANOCKJEE.

THIS case, in which the plaintiff sues defendant to recover Rs. 20,000 damages for breach of a promise of marriage, was resumed yesterday before the Hon'ble Mr. Justice Bayley at the High Court. The Advocate-General and Mr. Kirkpatrick, instructed by Mr. Messrs. Hearn, Cleveland, and Little, appeared for the plaintiff; and Mr. Gill and Mr. Jardine, instructed by Messrs. Ardasir and Hunsjee, for the defendant. Yesterday was the fifteenth day of the hearing.

Jurbai, defendant's mother, was further cross-examined by the Advocate-General on behalf of the plaintiff:—I know Dr. Ardasir Jamsetjee, who attended on my house till within the last two or three years. He never cautioned me and my husband to be careful, and get the marriage of plaintiff and defendant celebrated. He gave us no caution on account of the great familiarity and affection he observed existing between them. I know Eduljee Davur, my cousin, whose wife died in December 1875. Goolbai attended that lady's funeral: she went there from my house. The following day she went to her own house. It is usual for Parsee women to sit for eight or ten days on the ground floor of a house where a death occurs. Goolbai went only once to Eduljee Davur's house. I went there on the following days. Goolbai was at my house the month in which the wife of Eduljee Davur died. After having sat at his house, she came back to my house, and after staying with us for the night, she went to her mother's house the following day. She didn't remember how many days she had been staying with us before she went to the funeral. Whenever she came to our house, she stayed with us two or four months.

The Judge—Tell witness to answer the questions directly. She is fencing.

Witness continued.—In November 1875, Goolbai stayed with us only seven or eight days, because her mother sent for her, and she accordingly went. A Ghattee, whose name I do not remember, came to call her. Goolbai went to the funeral of Eduljee Davur's wife in my carriage, driven by my coachman Luximon Mahipuity; and she returned in the same carriage to my house. That day she dined with me and members of my family. My husband was ill that day in the house and so Goolbai's sister. He did not speak to her. Two years ago, my son-in-law Jamsetjee Dady sent my husband a cake. Goolbai was at my house when the cake arrived. I mean to say that Goolbai was not in my house in the Christmas of the year when the prince arrived. I am not an educated lady and am not sure of the English month. I am sure, however, that Goolbai was in my house when the cake arrived. She was in my house during the Christmas of the year before the Prince arrived. I did not go to the Victoria Gardens at Christmas time two years ago, either alone or with Goolbai. I know Eduljee Bomonjee who lives opposite the Victoria Gardens. We went to the Gardens during the visit of the Prince, not afterwards or during Christmas time. I remember Mr. Eduljee Reporter and Dadabhoy Byramjee coming to my husband at our house in August 1876, the same month in which Goolbai returned from Poona. I said yesterday that Goolbai's parents had told me they had stopped a certain person from coming to their house. I reported that circumstance to my husband on going to my house. I mentioned it to my son's solicitor when he took down my evidence after the plaintiff's case closed. I did not ask Goolbai's parents the name of the person they had stopped from coming to their house. I felt no curiosity about it.

Re-examined by Mr. Gill.—Dr. Ardasir Jamsetjee ceased to attend our family long before the arrival of the Prince, because he went to reside in the Fort. We had no quarrel with him. Goolbai was not at my house during the Christmas after the arrival of the Prince. On the night of the death of Eduljee Davur's wife, Goolbai slept in a back room with the children and the ayah. My son-in-law Jamsetjee Dady sent us a cake during the Christmas before the Prince arrived,—not the Christmas following his arrival here. Eduljee Bomonjee is a servant of Cowasjee, my husband's brother. My husband and his brother are on extremely hostile terms. Cowasjee is an intimate friend of Mr. Eduljee Reporter.

Cursetjee Limjee was tendered by Mr. Gill as a witness. In cross-examination by the Advocate-General, he said—I am defendant's brother and remember the death of Eduljee Davur's wife. Goolbai did not go to the funeral with the females of my house. I can swear she did not. She did not go in my father's carriage or return to and sleep at our house either on the day of the death or of the funeral.

The Advocate-General—Your mother has just sworn to the direct contrary. Now answer, which has told the falsehood—your mother or yourself?

Witness—I have stated the truth. How can I say who has stated the falsehood?

The Judge—That follows—one or the other has committed deliberate perjury.

The defendant's case closed here; and Mr. Gill put in a number of letters.

Jurbai was recalled at the Advocate General 's request and said in answer to him—Goolbai was present when her mother said they had stopped the coming of a certain man to their house.

Mr. Eduljee Sorabjee Davur was called by the Advocate-General and said—I am a clerk to Messrs. Jefferson and Payne. The date of my wife's death is the 15th December 1875. I don't know plaintiff even by sight.

The Advocate-General asked to be permitted to call evidence in rebuttal of the new points made by defendant which were not relied upon in the written statement.

The Judge—The point made by the defendant is that he could not have been the child's father, because Goolbai was in another place. Certainly the *alibi* seems to me to be a new point.

The Advocate-General said there was another point—the estrangement between plaintiff and defendant for seven or eight years, which was an important point. It sprung up with the father's evidence and grew as they went along. The third new point was as to a certain person being stopped from coming to the plaintiff's mother's house; and the learned counsel proposed to recall Goolbai and examine her about it.

The Judge was of opinion that the Advocate-General was entitled to call rebutting evidence on those three points.

On the sitting of the Court after luncheon, Mr. Gill was allowed to argue that there was no new case to meet on any of the points mentioned by the Advocate-General. He objected to any evidence being allowed to be called in rebuttal of defendant's case.

His Lordship overruled the objection, and the following rebutting evidence was called for the plaintiff:—

Dr. Ardasir Jamsetjee, was consented to give his evidence on an undertaking being given that his fees for attendance in Court would be paid, said—I am a graduate of the Grant Medical College and attended the defendant's family for five or six years up to the 1st January 1875. I knew the plaintiff and defendant were betrothed. I often saw them together and conversing together. I saw them on friendly terms during all the time I attended the family up to the beginning of 1874, in which year my attendance was less frequent than before. They behaved towards one another as betrothed people usually do. In the Nanabhoy Lane bungalow, I once saw Goolbai brushing defendant's hair. I saw them in one of the side rooms, and I then stopped and talked to them. I spoke both to Limjee and his wife to get Goolbai married. I spoke at the request of plaintiff's mother, who said that the children were grown up, and that it was better to marry them. I cannot mention the year when this occurred.

Cross-examined by Mr. Gill—When Goolbai was brushing defendant's hair, he seemed to like it; otherwise I why did he stand near her? I thought they must have been married; and that was my reason for going near to see what they were doing. A married woman may touch her husband's hair; there is no prohibition; and the fact is not with me or my own hair. (Laughter.) I cannot fix the year; but this was about one or two years before they shifted from Nesbit Lane. Dates you cannot recollect; but facts you recollect very well. I used to call at Limjee's house sometimes twice, and sometimes five or six times a month. I cannot recollect how often I visited the family in 1871 and following years. I do not recollect seeing Goolbai in 1871. I cannot swear how often I saw her in any particular year. I do not remember in which bungalow I visited them in 1870. I did not keep any note of dates, because the family paid me so much per year.

Re-examined by the Advocate-General—I do not remember any particular time; but I say generally that I saw plaintiff and defendant on familiar terms. When plaintiff was brushing defendant's hair they both seemed to be very happy and to like it.

Goolbai, the plaintiff, in answer to the Advocate-General said—It is false that defendant were not on speaking terms for years. It is true I was on affectionate terms with defendant until after my seduction. It is false that, although we dined at the same table, we were not on speaking terms. It is false, lastly, we never dined together and conversed together. It is false that the defendant had an aversion for me. In December 1875, I went from Limjee's house to the funeral of Eduljee Davur's wife. I had gone in October 1875 to live at Limjee's, and was at that there in December of that year. On the 1st January 1876, I was living at Limjee's house, and went on that day with my mother-in-law to visit at the house of Mr. Pereira clerk, Bombay Gas Works, who is residing in Gunpowder Lane. I remember that in January 1876 Jamsetjee Dady sent a cake to Limjee, his and my father-in-law. I continued to live in my father-in-law's house from the Dewallee holidays in October 1875 till I went to my mother's in March 1876. My mother never said to me, in my presence and hearing, that she (my mother) had stopped [a certain person from coming to her house. There is no truth whatever in the suggestion thus made that any person used to visit me and have connection with me at my mother's house. I used to sew defendant's clothes and put the initials of his name on them.

Cross-examined by Mr. Gill.—I don't know Nusserwanjee Rustonjee Motaframna. I may have heard his name mentioned. I don't know if a person of that name used to visit my mother's house.

Re-examined by the Advocate-General—I never saw in my mother's house a person of the name of Nusserwanjee Rustonjee Motaframna.

Eduljee Bomonjee examined by Mr. Kirkpatrick—I am a dealer in China articles and lived in the house of Cowasjee Manockjee, opposite the Victoria Gardens, up to last month. I know the plaintiff and Jurbai and her family very well. I remember the Prince of Wales's visit to Bombay. A few days after the Prince's arrival, I saw Jurbai and plaintiff and some children driving in the direction of the Victoria Gardens; but I cannot say whether they went to the Gardens or to Parell. A few days after that time I saw them again.

Cross examined by Mr. Gill—After that time I did not see them. It was in a shigram I last saw them.

To the Court.—Before that time I used to see them in a trooghum. About the time of the Prince's visit I saw them twice in a shigram.

Dadabhoy Manockjee examined by the Advocate General—I am the plaintiff's brother. I remember the Christmas which followed the Prince of Wales's visit. My sister was then living at her father-in-law's house, where she had gone before the Dewallee in that year. I remembered my father was suffering from small-pox in March 1876. Goolbai was sent for from her father-in-law's house when my father was to perform the usual ablution. She had been living up to that time at her father-in-law's house.

Cross-examined by Mr. Gill—I don't know Nusserwanjee Rustomjee Motaframna or Kapadia. I never saw any person of that name in my father's house.

The Court then adjourned until Monday next.

BOMBAY MUNICIPAL CORPORATION.

A REGULAR quarterly meeting of the Bombay Municipal Corporation was held yesterday afternoon in the Municipal Building, Lt. Col. Hancock presiding.

THE CONTINUATION OF THE PRESENT CORPORATION.

The Secretary read a Government Notification, dated 12th December 1877, General Department, announcing the extension of the operation of Act III. of 1872 to the 31st December 1878 from the date of its expiry on 31st December 1877, and also extending the period for which the present Members and Chairman of the Municipal Corporation and the Town Council may sit to 31st December 1878, from the date of the expiry of the tenure of their respective offices, *viz.*, 31st December 1877.

On the motion of the Chairman, seconded by Mr. Bhugwandas Purshotumdas, the communication was ordered to be recorded.

THE REFUND TO THE POSTAL DEPARTMENT.

Dr. Blaney moved that sanction be given to a grant of Rs. 11,033-8-as. for refund to the Postal Department on account of Wheel Tax on Postal vans, &c., erroneously paid by Government in past years. He said the Post Master General had discovered that in paying this tax he had been paying what he had no right to pay, and on the question being referred by the Town Council to the solicitors of the Municipality, they decided that the money must be refunded.

Mr. Bomonjee Pestonjee Master was of opinion that this money should be retained as a set-off against the numerous claims the Municipality had against the Government, and which were set forth in their memorial.

Dr. Blaney's motion was seconded by Mr. Hormusjee Cursetjee Dady, and on being put to the vote, it was carried.

COL. HANCOCK RE-ELECTED CHAIRMAN.

Mr. Raghunath Narayen Khote—Gentlemen, I beg to propose that the present Chairman, or rather the Chairman for 1877, Colonel Hancock, be re-elected for the current year 1878. (Applause.) It is not necessary for me to make out a case, as the lawyers say, in favour of this proposition. That we would gain by selling you something like you know already, viz:—that we could not, under any circumstances, make a better selection. (Hear, hear.)

Mr. Grattan Geary—I have great pleasure in seconding the motion. I think I shall express the very general feeling of the Corporation in stating that we could not possibly have a better Chairman than we have had hitherto in Colonel Hancock (hear hear), who has been conspicuously impartial and fair-minded in the chair, and if he has leaned to any side, I think we may say he has leaned to virtue's side. I think we could not do better than re-elect Colonel Hancock, and I am sure that in re-electing him, we shall have as Chairman one under whom the discussions in this Corporation have gained considerably in the estimation of the public. (Applause.)

The motion was put to the vote by Dr. Blaney, and was carried unanimously.

Colonel Hancock—Gentlemen, I can only say that I am extremely obliged to you for this compliment, and also to the gentlemen who have proposed and seconded the resolution for the handsome terms in which they have spoken of my humble services in the capacity of Chairman of the Corporation. I shall be happy to continue in occupation of the chair for another year. (Hear, hear.)

LETTER FROM MR. PEDDER.

The Secretary (Mr. Barrow) read the following letter from Mr. Pedder, late Municipal Commissioner, addressed to Col. Hancock, Chairman of the Corporation:—

SIR,—In acknowledging receipt of your No. 1716 of 24th ultimo, I beg that you will be so good as to communicate to the Corporation my sincere thanks for the honour they have done me in passing their resolution of the 21st ultimo, and my sense of their kind appreciation of any services I may have been able to render to the city while holding the office of Municipal Commissioner. For myself, I have only to say that I tried to do my best in that office, that I gladly acknowledge the fair and candid manner in which both the Town Council and the Corporation have always regarded the mistakes I have made, and that I shall remember with pleasure the cordiality of my relations with both these bodies; but with reference to the Municipal officers who served under me and to whose zeal and cordial co-operation with me any success of my administration is due, I feel bound to record that I left all departments of the Municipality in a state of very high efficiency, and the general system of Municipal administration, with few exceptions, which the passing of the new Municipal Act will, I doubt not, enable the Council and Commissioner to remove, very completely and satisfactorily organised. Will you also be so good as to convey to the mover and seconder of the resolution you have communicated to me, my appreciation of the very kind expressions they were good enough to use regarding my conduct of the duties of Municipal Commissioner.

W. G. PEDDER.

Camp, Mahad, 7th January. 1877.

On the motion of Dr. Blaney, seconded by Mr. Bomonjee Pestonjee Master, the letter was ordered to be recorded.

On the motion of Dr. Blaney, seconded by Mr. Kirkham, sanction was given to a further advance of Rs. 2,000 from the cash balance for expenses connected with the Drainage Commission. Extra half-anna commission to the receivers for the month of December 1877.

The Town Council further beg to report that they have sanctioned the following amounts to be written off:—

BILLIARD TABLES.

THE undoubted and established superiority of C. L. & Co.'s Billiard Tables is amply proved by the constant and increasing demand for them, showing that they are really the only tables now appreciated in India. This success is due to the steadfast efforts C. L. & Co. have always exerted to supply their constituents with really trustworthy and reliable articles at as moderate a price as is compatible with good workmanship and material. The generous and liberal support extended to C. L. & Co. for upwards of half a century, is sufficient proof that their endeavours to render satisfaction have been appreciated by a critical and discerning public.

While the superiority of C. L. & Co.'s Billiard Tables has been universally admitted in India, yet the difficulties and risks of transport have hitherto prevented their friends in Bombay from largely availing themselves of the undoubted advantages offered by C. L & Co.

Now, however, C. L. & Co. beg to intimate to their patrons in the Western Presidency, that they have made arrangements which will enable them to offer their Billiard Tables at the same prices in Bombay as in Calcutta. A *branch Agency*, under the management of *Messrs. Soundy & Co.*, has been established at No. 22, Rampart Row, where Billiard Tables of C. Lazarus & Co.'s manufacture are arranged for sale ; and while thanking their constituents for the patronage hitherto extended to their firm, C. L. & Co. venture to express a hope that, with the increased facilities now offered, their manufactures will be as well known in Bombay as they are already in other parts of India.

BILLIARD CUSHIONS.

C. Lazarus & Co. always keep on hand a large stock of their new and improved COMBINATION EXPRESS Billiard Cushions which can be fitted to any table, the exact length and breadth of the slate-bed being the only information required.

Old Billiard Cushions, if the woodwork is in good condition, can be renewed on the new COMBINATION EXPRESS principle, thereby making an old table as good as new.

IMPORTANT NOTICE.

C. Lazarus & Co. guarantee the SAFE ARRIVAL of their Billiard Tables at any Station in India. Should any breakage occur in transit, C. L. & Co. agree to make good the loss without further charge.

BILLIARD LAMPS.

The six-light telescopic lamp, on the duplex principle, to burn kerosine oil, as adapted by C. L. & Co., is the best Billiard lamp ever introduced.

C. L. & Co. have always on hand a large assortment of Billiard, Pool and Pyramid Balls, in Ivory or "Patent Celluloid," Billiard Cloth, of the finest quality only, Cues, Tips Chalks, Cement and every requisite for the Billiard room.
